We connect CDL drivers to jobs.

Drivers love working with CDL

"I wanted to thank you for the opportunity to work with you. I am really satisfied with the position." Floyd F.

"Your guys are fantastic. Thanks for everything you have done for me." Bruce D.

"I wish I had found out about CDL years ago." Gary L.

"I'm 59 and never had it like this. Excellent people. I'm thankful to be here." Doug C.

"Very truthful in the hiring process. I'm loving my job." Ashley H.

"Getting plenty of hours. Everything is great." Rob V.

"62 hours - Everyday is a great day at this job." Ed M.

CDL is trusted by major logistics partners

Staffing & Compliance

We combine the elements of traditional staffing with the trucking industry expertise to onboard, manage and keep CDL drivers FMCSA and DOT compliant. Our recruiters and administrative staff can not only speak trucking, they understand it.

FMCSA DRIVER FILES

The Federal Motor Carrier Safety Administration has an elaborate regime for hiring CDL drivers. From specific application content and background vetting to regulated drug testing, we can hire and maintain CDL drivers for customers around the United States.

DRIVER DRIVEN RECRUITING

Our recruiters and staffing professionals understand trucking. We work with drivers to find best fit jobs based on preferences and locations. We also help our clients develop driver friendly work parameters to help them fill trucks.

CDL Footprint

CDL Labor Logistics corporate office and nerve center is located in Carlisle, Pennsylvania. CDL has staffed drivers throughout the United States for over 11 years. We have successfully supported logistics operations in Los Angeles and New York, as well remote areas of Nebraska and Kentucky.

We have placed drivers in local and 48 state OTR positions. Our compliance regime allows for us to both meet and exceed FMCSA criteria while adding state specific compliance as necessary or required.

Remote Recruiting

48 states.

We can find and source drivers anywhere in the lower 48. Our online recruiting and application process allows us to seamlessly hire from anywhere without the expense of a brick and mortar location. It also means we can be where ever you need us to be.

Driver Database

120 thousand.

We have a proprietary database of CDL drivers who have applied or spoken with us in the past. We use smart automation tools and recruiter gathered data to cross reference drivers to specific jobs and locations.

Real Knowledge of Trucking

100 years.

Our leadership team has over 100 years of combined trucking experience, and over 20 in staffing. Our CEO owned a 50 power unit company. No other staffing firm has our depth in trucking and it shows, especially to drivers.

CDL Labor Logistics & You

CDL Labor Logistics can support you by staffing and supplying CDL drivers to your locations. We can integrate our CDL drivers into your fleet with a temp to perm model, or we can staff long term drivers to dedicated accounts. CDL will staff the drivers and provide FMCSA compliance in a proven model helping you to focus on delivery and logistics and not on hiring and recruiting. We can supplement a developed recruiting department or be your recruiting department. Contact our CEO directly to discuss.
